**COMMUNICATION IN RESPONSE TO NOTICE TO FILE
MISSING PARTS OF APPLICATION UNDER 37 C.F.R. §§1.821-1.825**

This Communication is submitted in response to the Notice to File Missing Parts of Application Under 37 C.F.R. §§1.821-1.825 issued by the United States Patent and Trademark Office on June 1, 1995 in connection with the above-identified patent application. A copy of the Notice is attached hereto as Exhibit A. A response to the June 1, 1995 Notice is due on July 1, 1995. Accordingly, this Communication is being timely filed.

The June 1, 1995 Notice stated that the subject application allegedly does not comply with the Sequence Rules because a copy of the "Sequence Listing" in computer readable form as required by 37 C.F.R. §1.821(e), and a Statement in Compliance Under 37 C.F.R. §1.821(f) have not been submitted.

In response, applicants maintain that a computer diskette containing a copy of the "Sequence Listing" in computer readable form as required under 37 C.F.R. §1.821(e) and a Statement of Compliance Under 37 C.F.R. §1.821(f) were submitted with the filing of PCT International Application No. PCT/US93/10624, international filing date November 5, 1993, of which the subject application is the national stage. As evidence applicants attach hereto as Exhibit B, a copy of a postcard bearing the mailroom

stamp of the U.S. Receiving Office (RO/US) dated November 5, 1993, acknowledging receipt of the computer diskette containing a copy of the "Sequence Listing" in computer readable form under 37 C.F.R. §1.821(e), and Statement of Compliance Under 37 C.F.R. §1.821(f). Further, applicants attach hereto as Exhibit C a copy of the Statement of Compliance Under 37 C.F.R. §1.821(f) which was filed with International Application No. PCT/US93/10624 on November 5, 1993. Accordingly, applicants respectfully maintain that the subject application complies with the Sequence Rules Under 37 C.F.R. §§1.821-1.825.

For the convenience of the Patent and Trademark Office, applicants submit herewith a replacement computer diskette containing a copy of the "Sequence Listing" in computer readable form. The "Sequence Listing" appearing at pages 102-125 of the specification is identical to the "Sequence Listing" on the enclosed computer diskette. A Statement of Compliance stating that the "Sequence Listing" appearing at pages 102-125 of the specification and the content of the computer readable form of the "Sequence Listing" on the enclosed diskette are identical is attached hereto as Exhibit D.
